

Appointing Pick Everard through

Fusion21's Construction Consultancy Services Framework

PICK
EVERARD

Fusion21 is a national social enterprise specialising in efficient and impactful public sector procurement and delivering social value you can see. With a 24-year history of providing procurement with purpose, Fusion21 offers fully compliant procurement frameworks and dynamic purchasing systems for property, construction and the built environment. With more than 1,200 public sector members, the organisation was originally created by and for the housing sector in 2002, but has since diversified into other sectors, including local authority, education, the NHS and blue light services.

Fusion21's Construction Consultancy Services Framework has been established to provide Fusion21 members with access to a full range of consultancy services suited to construction, property, and the built environment. The structure comprises a number of single service lots and one for multi-disciplinary services, with a straightforward direct award process to deliver cost and time saving benefits.

The framework is fully compliant with the UK's public contract regulations and offers a swift and flexible route to appoint Pick Everard to provide services to support your construction and property programmes. The agreement allows for the use of a number of model forms of contract that can be chosen to complement your requirement and satisfy your internal procurement regulations.

Deliver better together.
