

Appointing Pick Everard through

Procure Partnerships Professional Services

PICK
EVERARD

Procure Partnerships are a professional procurement organisation that help public sector organisations deliver end to end project success through proactive, effective, and robust procurement methods.

Procured under the Public Contracts Regulations 2015, the Professional Services framework is also compliant with the Procurement Act 2023, and offers a flexible and efficient route to appoint Pick Everard to provide a range of services, or to act as a lead consultant with the ability build a multi-disciplinary team. The framework agreement is managed by Procure Partnerships on behalf of Alder Hey Children's NHS Foundation Trust.

Deliver better together.

Benefits of using the framework

- 

Flexible: Broad scope of professional services for all your built environment and infrastructure needs.
- 

Trusted: Appointed and managed by public sector procurement experts.
- 

Compliant: Fully compliant with UK public contract regulations (2015).
- 

Time Saving: Simple direct award process reduces procurement time.
- 

Market Tested: Appointed through a competitive tender process to ensure expertise and value.
- 

Expert Service: Delivered through 12 offices nationally, with in excess of 700+ professionals.

*through the regional lots for this service, Pick Everard are permitted to build multi-disciplinary teams and act as the Lead Consultant

Appointing us

The appointment process through the Professional Services framework is designed to provide a streamlined route to procure a broad range of consultancy services to support built environment projects.

Appointing Pick Everard

To appoint Pick Everard under this Framework our team will work with you through the following steps:

Step 1 | Getting on board

Once we have agreed use of this framework our team will check that you have signed an access agreement with Procure Partnerships. This is free of charge and provides you with access to the framework for its duration.

If your organisation has not signed an access agreement, we will introduce you to our colleagues at Procure Partnerships who will guide you through the process.

Step 2 | Assess & Develop

We will work with your team to fully understand your requirement, support in developing the full scope of service, and advise on selecting the appropriate framework lot.

We will also assist in completing the Project Initiation Form and Business Case Approval Form, which we can submit to Procure Partnerships on your behalf, who will then issue their Letter of Compliance.

Step 3 | Propose

Our project team will work with you to understand your approval processes and requirements, before developing a proposal that is clear, compliant, and aligned with your objectives.

Step 4 | Appoint & Contract

Choose from a number of recognised forms of call-off contract, including NEC, JCT, RICS and CIOB options. We can assist your team in drafting the contract, if required, prior to signing.

Once you are happy with the terms and conditions and our proposal, simply provide us with the signed contract and a purchase order.

We will notify Procure Partnerships and provide the required information.

Step 5 | Deliver

Our specialist team will lead the delivery of your project, maintaining control of quality, cost, and programme. We will communicate progress clearly and consistently, ensuring all stakeholders remain informed and engaged.

Step 6 | Your completed project

At completion, our project lead will remain engaged with your team to provide structured aftercare support, ensuring all agreed outcomes are embedded, outstanding actions are resolved, and the project transitions smoothly into operation.
