

Professional Services Framework

Pagabo are a procurement organisation that offer a range of goods and services to public sector organisations throughout the UK, through national framework agreements. In collaboration with the Education Alliance they host a framework that is fully compliant with UK/EU procurement regulations.

The Professional Services Framework provides a full range of construction consultancy services to support the delivery of your built environment projects.

The framework is founded on the ethos of simplicity and flexibility, providing clients with a straightforward route to directly appoint Pick Everard for either single or multiple service commissions.

Pick Everard has been a proud supplier to Pagabo since 2016. Our collaborative approach to working with Pagabo, and other framework partners, ensures that the correct solution is provided for all clients who use their suite of flexible framework routes.

Benefits of appointing a Pick Everard team

Expert

Our integrated solution ensures we bring together the best team for every project.

Health & Safety Consultant

Pick Everard can either be commissioned to provide single or multiple services via the framework. Please speak to our team to understand how we can offer a multi-professional service under this agreement.

Benefits of using the framework

Flexible

Select from one of a number of Pick Everard's services for delivery.

Trusted

Pagabo's leadership and delivery team have decades of public and private sector procurement experience across a range of sectors.

Compliant

Fully compliant with UK public contract regulations (2015).

Time Saving

Simple direct award process reduces procurement time.

Market Tested

Appointed through a competitive tender process to ensure expertise and value for money.

National Coverage

Delivered through 15 offices nationally, with in excess of 600 professionals.

Appointing us

The appointment process through the Professional Services framework is designed to provide a streamlined route to procure a broad range of consultancy services to support built environment projects.

To appoint Pick Everard under this framework our team will work with you through the steps below:

1

Getting Started

Before using the framework we will check whether your organisation has signed the framework's Client Access Agreement (CAA).

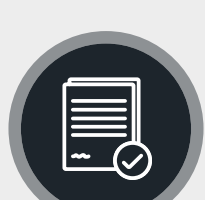

If your organisation isn't signed up, the process is simple and we will introduce you to our colleagues at Pagabo who will provide the CAA form.

2

Assess and Develop

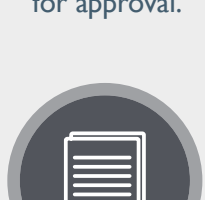

We will work with your team to fully understand your requirement, develop the scope and select the appropriate framework lot(s).

3

Propose

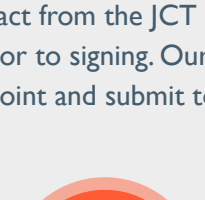

Our project team will develop a proposal in line with your requirement and submit to you for approval.

4

Contract

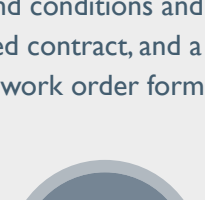

Choose your preferred form of contract from the JCT or NEC suite. We can assist your team in drafting the contract, if required, prior to signing. Our team will also prepare the framework order form at this point and submit to you for agreement.

5

Appoint

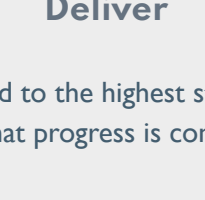

Once you are happy with the terms and conditions and our proposal, simply provide us with a confirmation of award letter, the signed contract, and a purchase order. We will also need you to submit the framework order form to the Pagabo team.

6

Deliver

Your project will be delivered to the highest standards by our expert team. Throughout, the project lead will ensure that progress is communicated to your team and stakeholders.

7

Your Completed Project

Our project lead will continue to engage with your team to ensure all aftercare requirements are met.
