

Construction Professional Services - RM6165

Crown Commercial Service (CCS) is an executive agency and trading fund of the Cabinet Office. CCS is responsible for managing the procurement of common goods and services and supports the public and third sectors to achieve maximum commercial value during the procurement process through its own framework agreements which cover a broad range of goods and services.

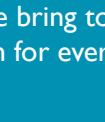

The Construction Professional Services framework has been appointed to provide clients with access to a full range of professional services to support all built environment requirements. The structure provides coverage for all project types and includes a dedicated lot for additional technical services with a straightforward direct award process to deliver significant cost and time saving benefits.

The framework is fully compliant with the UK's public contract regulations and offers a robust and swift route to appoint Pick Everard to provide services in support of the delivery of your capital programme.

The agreement includes built in key performance indicators that can be used at your discretion and offers a number of contract options.

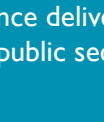

Pick Everard has been a proud approved supplier to Crown Commercial Service for over a decade, adding value and achieving time saving benefits that our clients enjoy throughout our appointments.

Benefits of appointing a Pick Everard team

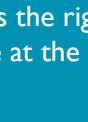

Expert

Our integrated solution ensures we bring together the best team for every project.

Delivered through 15 offices nationally, with in excess of 600 professionals.

Appointing us

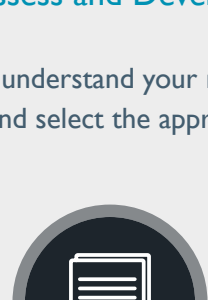

The appointment process through the Construction Professional Services framework is designed to provide a streamlined route to procure a broad range of consultancy services to support built environment projects.

To appoint Pick Everard under this framework our team will work with you through the steps below:

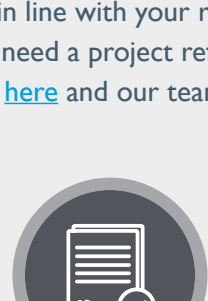

Getting Started

Before using the framework we will check that you have signed the alliance agreement to access the framework. If not, the sign up is simple, just complete [this form](#) and submit to CCS.

Assess and Develop

We will work with your team to fully understand your requirement, support in developing the full scope of service and select the appropriate framework lot.

Propose

Our project team will develop a proposal in line with your requirement and submit to you for approval. At this stage you need a project reference from CCS.

The project registration form can be accessed [here](#) and our team will be happy to support you in completing it.

Contract

Choose from a number of forms of contract. We can assist your team in drafting the contract, if required, prior to signing.

Contract Options

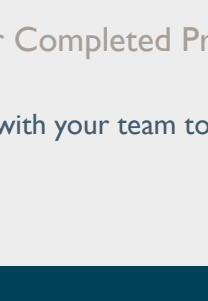

NEC3 PSC; NEC3 PSSC; NEC4 PSC; NEC4 PSSC; JCT Consultancy 2016; PPC 2000

Appoint

Once you are happy with the terms and conditions and our proposal, simply provide us with a confirmation of award letter, the signed contract and a purchase order.

We will also need you to complete this [confirmation of award notice](#) for CCS.

Deliver

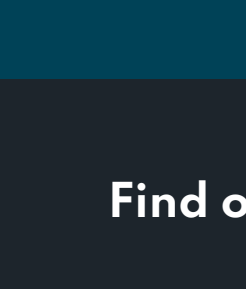

Your project will be delivered to the highest standards by our expert team.

Throughout, the project lead will ensure that progress is communicated to your team and stakeholders.

Your Completed Project

Our project lead will continue to engage with your team to ensure all aftercare requirements are met.
