

Consultants Framework

Fusion21 is a social enterprise specialising in efficient and impactful public sector procurement. They provide fully compliant procurement frameworks and dynamic purchasing systems for property, construction, and the built environment - alongside social value services – for social housing, local authority, education, health, and blue-light sectors across the UK. There are over 1100 public sector organisation members who have access to Fusion21's suite of frameworks.

The Consultants Framework has been established to provide clients with access to a full range of consultancy services suited to construction, property, and the built environment. The structure comprises a number of single service lots and one for multi-disciplinary services, with a straight forward direct award process to deliver cost and time saving benefits.

The framework is fully compliant with the UK's public contract regulations and offers a swift and flexible route to appoint Pick Everard to provide services to support your construction and property programmes. The agreement allows for the use of a number of model forms of contract that can be chosen to complement your requirement and satisfy your internal procurement regulations.
